DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 4-9 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regards to claim 1, the preamble of claim 1 is inconsistent with the subject matter claimed in the body of the claim. For example, the preamble of claim 1 specifies that the method of mass producing double-sided optical discs having one or more data layers on each side; however, the body of claim 1 recites the method including a set of master discs for the layers of one side and second set of master discs for the layers of the other side. It is suggested that claim 1 should be amended to read, "including a set of master discs for the layer or layers of one side" and "second set of master discs for the layer or layers of the other side" in order to clarify the claim.

In regards to claims 6 and 15, each of claim 6 and claim 15 is rejected, because the subject matter in these claims contradicts the subject matter claimed in the base claims. For instance, the base claims recite a first and a second set of master discs, and each set of master discs includes an inner and an outer master disc; however, claim 6 and 15 specify that the one of the sets of master discs includes only one/single master disc. Accordingly, the subject matter in claims 6 and 15 is indefinite.

Allowable Subject Matter

Claims 10-14 and 16 are allowed. Base claims 10, 11 and 14 are amended to incorporate the allowable subject matter that was indicated in the previous Office Action.

Examiner's Comment

Examiner maintains that claims 1, 4-9 and 15 are rejected under 35 U.S.C. 112, second paragraph, because Applicant fails to traverse the rejection and/or amend the claims to overcome the rejection.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
